**Motivation:**

I wish to be a member of the Board to deepen my involvement in the school. I have been a parent in EEIV for six years and in those years have been strongly involved in a number of events in the EN section, as well as in the overall organisation of Somerfest.

I would like to develop this experience by **strengthening links between the language sections**, developing what we have in common and sharing our differences. I think this can happen with enhanced parental links as well as through our children.

I would also like to bring my **knowledge and expertise in the area of harassment** to the school. I have been a Confidential Counsellor (where I support colleagues who find themselves in difficult professional situations and/or consider they are victims of psychological or sexual harassment ) for more than 8 years in the European Commission. I have done extensive training in this area, including modules at the University of Louvain-la-Neuve.

I would also like to bring my **knowledge of Health & Safety** to the Board – I have been a member of the Commission's 'Comité paritaire' for many years and have completed training in this area also.
