Motivation:

Applying for being a member of the Administrative Board of APEEE BRU IV – what a great way of giving our best in this serious project!

The APEEE has extremely important role in provision of assisting services for our children, their development and growth. Having in mind my professional background (legal) I can contribute through provision of legal advisory services. Furthermore, I can help coping with various challenges, which necessarily appear while trying to balance operational difficulties with our children's best interests and parental obligations.

I believe we all have something to give in order for our kids to have best schooling experience. This would be my contribution in our amazing project!
