Motivation:

I would be very happy to join Administrative Board since I find this position very challenging and very important for provision of services for our children.

I am qualified teacher, with very rich experience in working with children of various ages. My professional experience encompasses work with children of various ages, provision of educational support, but also number of years in organising,

implementing and evaluating extra-curricular activities of children. I have experience

of 8 years of working with children with disabilities, so I consider myself being very

well-equipped with necessary knowledge and understanding of activities of APEEE.

Through position of a parent in Administrative Board, I am able not only to understand

the activity of this organisation, but also to help creating new methods and ideas of its

work and organisation. I have necessary administrative skills as well as relevant

professional knowledge and experience for provision of substantive services in this

regard. I am sure we can help all APEEE BXL IV in the best interest of our children.
