Motivation:

I would like to propose my candidature for the Administrative Board. As the President of Local Staff Committee Brussels (LSC) representing over 22.000 colleagues working for the Commission I have been heavily involved in the situation of the European Schools. Including representing the LSC in the Central Enrolment Authority (ACI) responsible for the European School enrolment policy. I have visited all European Schools and I was promoting the increase of the financial engagement of the Commission in order to cover the additional security measures to be implemented after the Paris and Bruxelles events. Thanks to my engagement the European Schools created 24 additional afterschool (practically no waiting lists for European School) and the ACI decided to allow for the first time the possibility to change schools (a pilot project). I am certain that by becoming a member of the Administrative Board I will be able to support the APEEE with my knowledge and experience.
