COORDINATION WITH THE TRANSPORT SERVICE

Warning, the transport service does not organise school bus on Wednesday afternoons, nor on other days after 16:10.

If your child is enrolled to the transport service, it is possible to use the second departure bus, leaving at 16:10, right after the extracurricular activities, subject to seats availability. If you want your child to use this service, simply choose “*return by bus / Retour en bus*” in the “*Followed by*” section upon enrolling your child to his/her extracurricular activity.

The transport service will then add your child to the lists for the second bus departure and this information will be visible mid-September on your APEEE account in your transport order.

Please note that the second departure bus lines are designed according to the subscriptions received for students in secondary. This means that your bus stop might not exist on this second departure. If so, the Transport service will contact you and arrange for an alternative stop.
