Mat/Prim/Sec Section: BG DE **EN** ET FR IT NL RO

**Motivation:**

I work at the European Commission on entrepreneurial learning and supporting women and girls to study and take up careers in entrepreneurship, science, and technology. I am also a Commission-certified internal coach and Participatory Leadership facilitator: I organize workshops, coaching sessions and I teach an EU-Learn course on "Being an authentic leader in work and life" (with another fellow coach).

During my latest mandate, I have served on the APEEE Board as Vice-President for Pedagogical Affairs. In this role, I have actively used my coaching, facilitation, leadership, and entrepreneurial competences. My goal has been to create a school environment where

the whole school community – pupils, parents, and educators – is well and flourishes. Together with the section representatives and the Board fellow members interested in pedagogical affairs, I have worked to identify issues that Nursery, Primary and Secondary students were facing, brought them to the attention of the school management and helped to find actions and solutions to alleviate those issues.

I have been also part of the School Well-Being Working Group, together with the Assistant Deputy Directors, the school psychologists and the Pupils Committee. In this group, I have contributed by designing and running workshops for both Primary and Secondary students on themes such as: leadership, values, confidence-building, entrepreneurship, and inspiring role-models.

If I am re-elected, I plan to continue my passionate endeavor towards creating a school environment where children, parents and educators achieve their full potential.
